- Poetry Writing (2nd-5th)
  - Read the book to the class.
  - After the first reading, use a document camera to show the pictures on the screen.
  - Have a discussion about how the pictures illustrate the words and how they work together to tell a bigger story than just the words or pictures could do on their own.
  - Have students work individually or in groups to write an additional rhyme in the same scheme to add to the book.
  - Web 2.0 version: Have students in other classes work together using Google Docs to write, edit, and revise their poems.

- Creative Writing (2nd-5th)
  - Read the book to the class.
  - Use a document camera to share one illustration with the whole class, or make photocopies of selected pages and distribute to small groups.
  - Have the students work individually or in small groups to use the image in front of them and write a story explaining what is going on in the image as a whole, or on one small portion of the image.

- Response to Literature/Journal Writing (1st-5th)
  - After reading the book, have students pick their favorite rhyme or illustration from the book and write a journal entry explaining why or how it spoke to them personally, and how and where they experience peace in their own lives.

- Compare/Contrast (3rd-5th)
  - Read the book aloud, along with Peace Begins with You (listed below).
  - Have the students compare and contrast the texts to notice how the poem form differs from the explanatory form of writing.
  - How do the authors express themselves? Is the theme the same, even though the texts are different?
  - Which format do you like better?
  - Can you think of another way the same theme could be shared?

- Art (3rd-5th)
  - Work in conjunction with the Art teacher to read the book, and create a lesson on illustration.
  - After looking at the illustrator’s website (listed above), students could work individually or in groups to create a two-page spread illustration that could be added to the story to accompany their poem, or that of another student/group (see Creative Writing, above).
  - Web 2.0 version: Have students use VoiceThread, Stupeflix, Animoto or other digital media tool to create, display, and share their contribution.
Digital Mixed Media (3rd-5th)

- Have students brainstorm other ways we can find peace in our everyday lives.
- Distribute digital cameras or ipads and have students take pictures or short video clips around the school building or around the grounds (children on the playground, children interacting with teachers, etc).
- Use these images or videos to create a short music video to accompany the book.
